

## Knorr-Bremse Training Program 2014

Knorr-Bremse offers comprehensive training packages for the professional development of technicians, mechanics, and counter staff.

### 2-Day Braking and Suspension Systems Course

The long established 'Braking and Suspension Systems' course covers all features of Knorr-Bremse braking products, including: basic air braking systems, air disc brakes, ABS and EBS diagnostics.

### 2-Day Modular Course – note: course can be booked as 2 separate days

This course is split into two modules; each covering the subject matter in depth.

#### Day 1

Focus - all variants of the Knorr-Bremse Air Disc Brake, together with extensive practical training.

#### Day 2

Focus - Trailer Electronic Braking Systems (TEBS), including comprehensive work on diagnostics.

*Detailed course content and available course dates are shown overleaf.*

Develop your professional knowledge by attending a Knorr-Bremse 2-day training course for only £295 per person + VAT; *Quality Training, Delivered by Experts.*

### Bespoke Training

In addition to Knorr-Bremse standard courses, we can deliver bespoke training courses for your active sales force. These courses are designed with flexibility to meet your every business need. Bespoke training can be delivered at the Knorr-Bremse office based in Bristol, or at a venue of your choice. Please contact your Knorr-Bremse Account Manager for further information.
